

**WE'RE RETURNING \$23.2 MILLION TO
OUR WORKERS' COMP POLICYHOLDERS.**

PLEASE CONGA SAFELY.

We understand the excitement our dividend is creating among LWCC policyholders, but it shouldn't come as a complete surprise. After all, over the past four years we've returned \$68.8 million in workers' comp dividends. We've also lowered rates by more than 34% since 1992. So go ahead and celebrate. But in the interest of workplace safety, please—don't even think about doing the limbo.
